Don't forget the date.
Monuments
We will represent the Cherokee Marble Works of Canton, Georgia. Get a monument for that loved one who has gone on before.
Prices range from \$17.00 up, freight paid.

HOME DESTROYED DURING STORM
During the hurricane which swept over this county on Sunday about noon, the house of F. M. Miller near Millersville was set afire by a spark and destroyed with all its contents. Mr. and Mrs. Miller, both of whom are aged invalids, were rescued by Sam Jones, a neighbor, but when other neighbors arrived the flames had made such headway that all thought of combatting the fire was given up. The house was a large two-story structure, but was not a new building. Insurance to the amount of \$700 in the Mutual Insurance company was carried.
Mr. and Mrs. Miller had a number of misfortunes within the last few years. About a year ago one of Mr. Miller's lower limbs was amputated at Cape Girardeau, and on last Sunday they had to stand helplessly by as their accumulations of life-time were destroyed in a few minutes.—Jackson Cash-Book.

Ice Cream Supper—There will be an ice cream supper at Union Ridge church about three miles northeast of town next Saturday night, August 13, the proceeds of which will be turned in to the church funds. There will be ice cream and enjoyment for all. Be sure to go.

\$5 REWARD
I will give a reward of \$5, to be paid for evidence leading to the conviction of any party or parties found damaging the foot bridge across Crooked creek between Marble Hill and Lutesville.
A. J. Baker,
Sheriff of Bollinger County.

TO TALK BY WIRELESS

The marketing bureau of the Missouri state board of agriculture has installed wireless telegraph and telephone outfits at Jefferson City and Sedalia, for public use and demonstration during the state fair from August 8 to 20.
Local wireless operators recommended that there are both transmitting and receiving radio phone sets at Jefferson City, and a spark transmitting outfit at the marketing bureau radio headquarters at the fair grounds at Sedalia.
Special announcements will be transmitted by radio telephony from the Jefferson City office at 7:30 p. m. daily during the state fair, and beginning each evening the same bulletins will be passed on to the Morse telegraph code from the outfit at Sedalia. Following the announcements each night there will be a musical concert broadcast from the Jefferson City outfit.
The evening programs will be sent for the benefit of amateur operators at large who can receive their instruments during the fair when the market news will broadcast the messages from the Morse telegraph wire of the U. S. Bureau of Markets at Jefferson City.
Amateur wireless operators are requested to tune their receiving apparatus to a 160-meters wavelength for radio-phones, and to 180 meters for the spark transmitting set. All operators who receive this information are requested to immediately communicate by wire to the state marketing bureau at Sedalia, at 7:30 and 8:30 p. m. in St. Louis in connection with the board of agriculture in Jefferson City will install one was experimental apparatus and will connect much of the time from the St. Louis office.
Many of our local citizens will be glad to take advantage of this information extended today. Copy this paper to speak they the residents of Sedalia to the central in Jefferson City.

IT PAYS TO SELL ROOSTERS
No conservative farmer who has an annual loss from bad eggs in Missouri is at least \$5,000,000. And a large percentage of this loss could be prevented by the simple expedient of removing the roosters from the summer flock.
Roosters eat considerable food during the summer and lay no eggs. They are a drain on the farm. They are in the same class with the mill hens and they should be given the same treatment, according to T. S. Townsend of the University of Missouri college of agriculture.
Here are few safe rules which Professor Townsend gives for getting the most money from the summer flocks:
1. Produce infertile eggs by removing the roosters from the flock in the summer time.
2. Provide clean nests and keep eggs clean.
3. Do not wash eggs.
4. Gather eggs twice daily during the summer to prevent them from being heated by the hen.
5. Keep them in a cool, dry place, away from the floor.

Heinz Summer Foods

The convenience of preparing these Heinz foods is a great help, and makes these Heinz foods popular at picnics, outings, and parties. They are especially convenient for use during the hot days of summer when relief from the heat is always welcome.

- Heinz Apple Pie
- Heinz Peanut Butter
- Heinz Prepared Mustard
- Heinz Tomato Ketchup
- Heinz Pickles
- Heinz Baked Beans
- Heinz Apple Butter

The best is always the cheapest.

Heinz Line at R. F. Jones

Ball Game

One of the best ball games ever this season was the game Sunday between Twin City and the improved Marquand team. The game proved to be a close one, Twin City beating by the score of 11-0.
Robinson and his catcher, who have been doing duty for Arroyo Valley team, were on the mound for Marquand. Robinson was touched for a hit, but scattered them so that one run was all that Twin City got. His catcher, Ernst, was one of the best seen this year. Robinson's brother, an outfielder, was reported to be an excellent batter, but failed to get a hit off of Cruise.
Cruise, in the box for latecomer, pitched beautiful ball, and gave the opposition to one hit, which Robinson made. Cruise struck out thirteen of the Marquand batters.
The game was a pitcher's battle from start to finish. In the opening, with the score 1-0, Cruise struck out the last three batters. The score:

When you need shoes, come in and examine our line of Wear-U-Well shoes, direct from the factory. It will pay you. Quality shoes at factory prices.
My new fall samples from two of the best tailoring houses in Chicago are in.
Price and Quality both Right.
B. I. ALLEN

FIRST DITCH DUG

L. W. Scoley of Malden was in town this week and informed us that during his administration as judge of the county court, the first ditch was organized and dug. That the county bought the poor farms and paid for it. That the county was out of debt at that time with a low rate of taxation. He has lived in this county sixty-four years, his father bringing him here from Tennessee when he was a baby. He says he has been near the new hard road that has been built in Cotton Hill township. That the road was constructed with Novaculite and that they are quite an improvement over the old sand roads. That the present crop is fine and the people have made the crop and saved out of debt. He says that the farmers will make good this year if prices justify the expense of gathering.—Dunklin Democrat.

WHITE MULE WORKING OVER TIME AT COMMERCE

Last Saturday morning Sheriff Kirkendall received a tip that a still was in operation at Commerce. He went there and raided a house, occupied by a negro and found fifty gallons of mash and the cooking kettle. No one was at home at the time, but he went out to a threshing outfit that was working near there and arrested a negro who had rented the house. That night he went back and found the still under the house. The house, where the still was found, belonged to Malcolm Post, who became suspicious of what was going on in it after a negro complained of being sick from drinking some whiskey of the white mule variety. Mr. Post called the sheriff and asked him to come down. The mash was made of evaporated sugar, chobs and molasses and was intended to be run off August 2, so the negro stated. The still found was a six-foot one of about six gallon capacity. A lot of whiskey bottles, empty, were found in the house. Mr. Post, the owner of the

building where the mash and kettle were found, employed a man to dig under the house and there found the worm for the still.

Tuesday Sheriff Kirkendall arrested a negro named Raymond LaValle, who is supposed to be the owner of the still, which he denies. The street was made at Crystal City and the prisoner was brought to Benton and lodged in jail.
We understand there is a "master mind" connected with this outfit, who is supposed to be a white man living in that section of the county. He has not been comprehended yet, but we understand the sheriff is hot on his trail and expects to have him. The two negroes arrested, it is said, will give some valuable information to the officers on this line.

Sheriff Kirkendall stated to the Implicite that he is determined to break up the white mule business in Scott county and more arrests in this immediate vicinity are expected.—Illmo Implicite.

Rev. Z. F. Yount and daughter, Mrs. Cna Bollinger, and her father-in-law, Mr. Bollinger, of the north end of the county, were in Marble Hill Tuesday, attending to business in probate court. The former made the printer an appreciated visit.

Miss Amaha Fischer, who has been at home here with her mother the last several weeks, went to St. Louis Monday to select a stack of millinery for the big store at Dexter that she has been connected with a number of years.

Mrs. Bessie Bazzell of Fredericktown came down last Saturday to visit her parents, Mr. and Mrs. B. F. Tate, and her two little daughters, who are with their grandparents.

W. F. Wells went to Detroit, Mich., to look after a large lumber and tie deal for the W. F. Wells Lumber company.

Taylor Merc. Co.

Money Saving News

Folks, do you know that a few lines of the following news is worth several times the price of the paper for one year? It not only tells you that the Leopol picnic is next Wednesday, and that Taylor Mercantile company is the best place to trade, but it tells you that we are paying 21c for eggs and selling sugar at 7c per pound. It tells you that we are paying 18c for bacon and \$1.00 per bushel for peaches. It tells you we are paying 18c per pound for lard and selling rice at 4c per pound. Dishes and cooking utensils as fast as we can.

It tells you that you can buy everything you need at this Money Saving store to make a big, fat comfort for cooler weather. Children's black parasols, only \$1.50. Gingham dresses, age 5 to 15, only 75c each. School days are coming when they'll need these dresses. Yes, and you can buy ladies' gowns for 75c. Ladies' black silk Monarch hose, 75c.

It tells you where to find the kind of mercerized embroidery thread you want. Yes, and it tells you about a beautiful line of young men's caps and ties, just received, and the arrival of our fall and winter tailoring catalogue. It tells you where you can buy children's shoes, size 5 to 8, for \$1. Think about it! Isn't it worth \$1.50?

Tells you where you can buy heavy L. L. domestic for 10c per yard. Men's heavy jumpers, only 75c. E. grade hosiery, button back, 75c per yard. Has old Bob had any medicated block salt? Do you know we sell one bolt of heavy shirting daily? How do we do it? The Marble Hill Press tells you how we do it.

We don't believe in bucking, but since we started the broaching broke and we can't hold back. So here we go: Extra heavy blue shirting 15c. L. L. sheeting, better get our price. Cotton hatts, Sugar 7c per pound. Bring us your bacon, we have room for a wagon load. Coal oil 12c per gallon. Rice has been 4c all summer. 10c twists tobacco 7c now. Grey work socks, 10c per pair.

Bring us your wool. Bring us your chickens. We always pay more than the poultry house, cash or trade.
